

Faulkner County Arkansas

World War One Registrants

This list is not a list of those who served; it's the list of all who were required to register. After this list was published, the men were then put through physical examinations, released if they failed it, released if they met exemption requirements, or released if they made a claim for exemption and were allowed (or not). These lists include draft number and township. These names were posted in 1917 in the Log Cabin Democrat, Conway Arkansas, and have been transcribed by a volunteer.
