

Oak Grove Cemetery Card Files Maintained by Raymond Price (c. 1949-1954)

The Raymond Price Card Files

A copy of the card files maintained by Raymond Price of the burials in Oak Grove Cemetery were provided by Desmond Allen. Ms. Allen copied the 3x5 cards onto 8-1/2x11 sheets of paper. These pages were then numbered. It is believed that Mr. Price managed the financial aspects of the cemetery from about 1949 to approximately 1954. It is possible that entries were made by someone else after Mr. Price ceased maintaining the card files. There are 805 typewritten cards in this collection and include the following information: name and owner or the person making payments on the lot; the block and lot number, and the handwritten entries of payments made on the lot. Sondra Johnson compiled an alphabetical list, as well as a list arranged by block numbers.
