

**WORLD WAR I DRAFT REGISTRATIONS
1917 & 1918, SCOTT COUNTY
Transcribed by Delaine Edwards**

INTRODUCTION: On 16 April 1917 the United States declared war on Germany and officially entered World War I. About a month later, on 18 May 1917, the Selective Service Act was passed by Congress. This law required every male living in the country between the ages of 21 and 31 to register for the draft. There were three registrations for the draft held in each county during 1917 and 1918 and ultimately they included all males born between 1873 and 1900. These World War I Draft Registration Cards are available from the Arkansas History Commission, as well as from National Archives. They are also posted on the internet at Ancestry.com. Following is an index to the 2,739 men who registered in Scott County, including their name, date of birth and place of birth, when listed. I've found that sometimes the date of birth may vary a year or more from the date indicated in Social Security records for the same person. The information on the original World War I Draft Cards varies but usually also includes the permanent address of the registrant, his employment, the name of his nearest relative, his marital status, his personal physical description and if he has any physical impairment that might prohibit him serving, that is so noted on his registration card..
