Antioch is located on Highway 31, five miles northwest of Beebe. Tornadoes and fires have played havoc with local church records. The White County Historical Society reported in its 1967 edition of White County Heritage that "the first church was a log

structure across the road from the present Presbyterian-Methodist-Baptist church and a few hundred yards behind the present store [near the old gin site].” It was built on the 9.13 acres of land owned by the Presbyterians who were here in the late 1800s. This church was called Macedonia. The old part of the Antioch Cemetery is also a part of that plat. The Historical Society published a detailed history of the Antioch church in the ‘67 Heritage. At that time the three denominations worked loyally together yet retained a separate identity. On the first Sunday of each month the Baptist had their pastor. On the second and fourth Sundays the pulpit was filled by a Methodist preacher. The Presbyterian pastor delivered the third Sunday message.

The cemetery was surveyed in April 2000 by Historical Society member Tommy H. Treadway, and updated from newspaper obituaries by Zelda Dawson of the Society in September 2001 and January 2002. An update was made by Society member Leroy Blair after he and his wife Ellen visited the cemetery several times in 2002.

Following is a list of all known Cemeteries in White County Arkansas, Also included are Cemeteries in other counties that are near the White County Line that may have people from White County buried there.

Most of the cemetery information listed was collected by Leroy "Lee" Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office

If you have any additions or corrections to the burial listing please contact the Historical Society Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

At the end of the cemetery list s a list of people from White County that have died that do not have cemetery listed or they are buried in a cemetery that we do not keep records on.

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953 as I look at them if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I done the listing, Some cemeteries are very hard to get good listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM – Funeral home marker

DS – Double tombstone

TS – Triple tombstone

The word (Obit) means that the Historical Society has or has access to the Obituary for this person.
