**There is only one grave at this cemetery, which was listed for the first time by Leroy Blair of the White County Historical Society July 20, 2000. He visited the gravesite on that date and prepared the following report:**

**"To reach this cemetery take Fairview Road to about a quarter-mile north of Holly Springs Church. There is a gate going into a pasture field and a road leading back into the woods. The gate is directly across the road from the Wayne Walls residence at 1078 Fairview Road. The road winds through the field into the woods. The grave is located on the right of the road about 100 feet behind a fence. There is a stone marker that can be seen from the road. The grave is about 100 yards before you reach the Taylor Cemetery.**

**"I talked to Wayne Walls' daughter and she told me that Mark Boston was killed in a construction accident and his parents used to own the property where he is buried."**

**I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.**

**There are some graves listed as unmarked that may have had a tombstone set since the listing was made.**

**I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered**

**The following Abbreviations are used in the listings.**

**FM-Funeral home marker DS-Double tombstone TS-Triple tombstone**

**(Obit)-means that the Historical Society has, or has access to the Obituary for this person.**
