Leroy Blair of the White County Historical Society was first told of this cemetery by a waitress when he stopped at a restaurant at Worden. After several futile attempts in 2000 he found the location and filed this report:

"The cemetery is located on the south side of the railroad track that goes out of Bald Knob toward Memphis. To get to the cemetery, take Highway 64 east about 100 yards. Just before the highway crosses Mingo Creek, there is an overhead cable crossing over the highway. It is probably a cable TV line. Where the line crosses the road, go across the railroad tracks and you will find some old farm equipment that appears to have been abandoned many years ago. The cemetery is located in the woods behind the old farm equipment. I found no marked graves. I did find five depressions that are probably graves and what appears to be a hole where either a grave was moved or a grave dug and never used. Mr. Wallace, a property owner in this area, told me that many years ago the water got up and washed out around a railroad bridge that goes over Mingo Creek. To get dirt to fill it back up, the railroad took dirt from both sides of the cemetery." It was this resident who told Blair that the area was known as Bronson Hill.

Blair returned to the site again on January 17, 2005. By this time he was chairman of the Historical Society's Cemetery Committee and a member of the board. During this visit he found a rock with what appears to be Mosley - 18?? on it. (The last two digits of the date are illegible.)

Most of the cemetery information listed was collected by Leroy "Lee" Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
