**This cemetery is located at Range 10 West, Township 7 North and in Section 5 or 6. This property was the Dupriest Farm, which was owned by Paul Dupriest, when Margaret Frey prepared the first cemetery census in 1969. According to her report, "Both white and Negro are buried here without distinction as to race. There are a number of unmarked graves but a count was not made."**

**The cemetery was visited in April 2000 by White County Historical Society volunteer Kathy Moss, who reported, "The landowners have left an open access to the cemetery, which is in poor condition." Mrs. Moss talked to the landowner, who said he had been in contact with the Malcom family. She provided information on eight Malcom burials and five others, most of which were not in the 1969 report. (Malcom was spelled Malcome in the 1969 listing.)**

**Leroy Blair of the Historical Society reported the cemetery "in very poor condition" when he visited it March 6, 2001, with his wife Ellen. According to his report, "Mrs. Ennis, who owns the land around the cemetery, said a man over 100 years old visited the cemetery in the summer of 2000 and told her the cemetery was first started as a slave cemetery and that most of the graves marked with rocks or unmarked are those of slaves. He also told her that one night during the Civil War a soldier was brought to the cemetery and buried and his grave was marked with a large rock. I found a large rock with some letters on it but could not read much of it - looked like R O C. He did not say if the soldier was Confederate or Union."**

**Following are Blair's directions to reach the cemetery: "From Highway 5, take Manning Road 1.6 miles to Nix Road and turn right on Nix Road. Go half a mile on Nix to Meadow Lane and turn left. Go about 200 yards to a T intersection. Turn left and go another 200 yards to the first right. The cemetery is on the right by the first house after you turn right."**

**I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.**

**There are some graves listed as unmarked that may have had a tombstone set since the listing was made.**

**I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered**

**The following Abbreviations are used in the listings.**

**FM-Funeral home marker DS-Double tombstone TS-Triple tombstone**

**(Obit)-means that the Historical Society has, or has access to the Obituary for this person.**
