Medal of Honor winner Joshua Hartzog died in White County but was born in Baulding County, Ohio. He served as a Private, Company E, 1st U.S. Artillery. He earned the Medal of Honor at Wounded Knee Creek, South Dakota, on December 29, 1890. His citation reads: "Went to the rescue of the commanding officer who had fallen severely wounded, picked him up, and carried him out of range of the hostile guns." Gum Springs cemetery is located at the intersection of Booth Road & Hwy 267 south of Searcy just outside the city limits. It is one of the oldest cemeteries in White County that is still in use. This is the final resting-place for Indian Wars Medal of Honor recipient Joshua Hartzog, Vietnam War hero Capt. Wilbur Dale Latimer, other distinguished veterans of many wars, and some of the area s earliest pioneers.

A complete survey of the cemetery was done by the Gum Springs Extension Homemakers Club in 1968 and published in the White County Heritage. This original list was prepared for the Internet by Historical Society board member Kara Spence in 1999. An update was prepared April 10, 2000, by Tommy H. Treadway of the White County Historical Society. He was unable to find 229 graves that were listed in 1968. Treadway's report stated the cemetery "is well kept, mowed and has several large trees which provide shade and serenity." He also noted, "Some of the stones have begun to deteriorate by becoming loose on their bases or sitting down beside their bases. These would take very little effort to re-putty and replace on their base, before they become damaged. Some stones that are very old have gotten broken, most of the time along where the born or died dates are; due to the etching they are probably weaker there

When Leroy Blair of the Historical Society visited Gum Springs Cemetery several times during January and February 2001, he added 187 names to the list. He added 44 more in December 2002. "This is a very difficult cemetery to get an accurate listing," Blair reported. "The graves are scattered with unmarked graves between marked graves. I estimate there are at least 800 unmarked graves."

Most of the cemetery information listed was collected by Leroy “Lee” Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
