Harmony Cemetery is located on a steep hillside south of Center Hill and north of Floyd on Hwy 305. On the backside there are two underground streams that come out of the ground and run down the hill.

This cemetery, which is located across the road from the Harmony Methodist Church, was originally listed in 1968 by Cloie and Leister Presley of the White County Historical Society and published in the 1968 edition of White County Heritage. They reported finding 99 graves unmarked or marked with rocks or concrete markers with no names. An updated survey was prepared for the Historical Society April 16, 2000, by Shirley Merriman and Tommy H. Treadway, who reported the cemetery “is well kept and headstones are in good shape. Rows were in good alignment and easy to follow.”

Leroy Blair visited the cemetery in March 2001 and again in December 2002. He reported finding “a plot enclosed with a concrete ring about 12x12 feet with no markers” and said an elderly lady at the cemetery told him the ring was there when her father was a little boy and it did not have any markers then. But, he had been told that an entire family was buried there in one grave after their remains had been found in a burned home in the Harmony community. But, according to Blair, “when I visited the cemetery in November 2006 I found that the concrete ring had been removed, and there was no sign of where the ring or grave had been located.”

Most of the cemetery information listed was collected by Leroy "Lee" Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office on the square in Searcy. WCHS P. O. Box 537 Searcy, Ark. 72145.

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
