Henderson Cemetery was established in 1858 by Enos and Susannah Henderson. They chose a site adjoining the Cumberland Presbyterian Church, known as Henderson Church, which they had also established earlier that year. The first burial was Enos and Susannah's daughter-in-law, Elizabeth Sewell Henderson, wife of Milton Alexander Henderson. She died at age 22 on October 3, 1858, less than a month after giving birth to a daughter, Mary Elizabeth. There are approximately 475 graves that are each marked DS with only a rock -- no name or dates are listed. It is known that some 60 Henderson family members are buried in the cemetery DS without a marker. These names and dates are added to the list DS without plot numbers. The cemetery is easily located about 1 mile east of Pangburn on Highway 124. A cemetery census was originally entered into a computer file by Kara Spence, a former board member of the White County Historical Society, in 1999 from record kept by the late Garland Henderson and the late Louis Crook, Jr. The record were updated June 27, 2004, by Leroy Blair, who at the time was the cemetery caretaker. The update was done using old Henderson Cemetery Association record, old White County Historical Society record, information obtained by talking to people visiting the Cemetery and by personal survey.

If you have corrections or additions to this list or other information on this Cemetery Contact the White County Historical Society, P.O. Box 537, Searcy, AR 72145. Or phone 501- 278- 5010 or the Henderson Cemetery Association at P.O. Box 35, Pangburn, AR 72121

Most of the cemetery information listed was collected by Leroy “Lee” Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office on the square in Searcy. WCHS P. O. Box 537 Searcy, Ark. 72145.

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
