I visited this cemetery with my wife Ellen on October 19, 2001. This cemetery had never before been listed by the White County Historical Society. It is located in Jackson County, just across the White County line. To reach the cemetery from Bradford, take Highway 367 north toward Newport. Go about two miles to Jackson County Road 8. Turn left and go eight-tenths of a mile; then turn right on an unmarked road. The cemetery is three-tenths of a mile down this road, on the right.

Hickmon Cemetery is divided into two sections. The new section is the first part you will come to. The old section is about 100 yards past the new section. The old section has an old fence around it. There is a sign between the two sections that has on it, "Hickmon Cemetery. Since 1852." The new section is well cared for, but the old section was in very bad need of mowing. There was a large oak tree that had been cut down and not removed. I do not know if there are graves under the tree limbs or not. I could not see any. I counted 43 graves marked with rocks with no writing on them. I also found 6 illegible funeral home markers.

The new section listings are indicated in parenthesis as - (N) and the old section listings are shown as (O). DS denotes double stone.

If you have corrections or additions to this list or other information on this Cemetery Contact the White County Historical Society, P.O. Box 537, Searcy, AR 72145. Or phone 501- 278- 5010

Most of the cemetery information listed was collected by Leroy "Lee" Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office on the square in Searcy. WCHS P. O. Box 537 Searcy, Ark. 72145.

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
