On November 21, 1855, Juliette Howerton sold 10 acres of land to White County to be used as a common burying ground. The purchase price was \$250, to be raised by public subscription. On January 7, 1889, the County Court deeded this tract of land to the City of Searcy with the intended use as a cemetery. It has continued under city ownership since that time. There has been additional acreage deeded to the city since this time, making this cemetery one of the largest in White County. The name "Oak Grove Cemetery" was selected in 1904. The cemetery is located on East Moore Street in Searcy. This land was first purchased August 26, 1833, by David Crise from the United States. On December 19, 1836, Crise and his wife Elizabeth sold the land to John Howerton. Howerton died in late 1837 or early 1838 and his widow Juliette married Samuel Guthrie August 28, 1845. She was divorced from Guthrie April 4, 1848, and took back the use of the name Howerton.

The \$250 that Juliette received for the 10 acres was raised by public subscription, and was not paid out of the county funds. Mrs. Angie Mae Dellinger, a native of Searcy [and granddaughter of Gen. Dandridge McRae, who is buried here], and had a great part in the promotion for the care and use of the Cemetery said the Maxwell family gave the cemetery to the city. A White County Historical Society researcher stated "I am sure there are County and City Records which I did not find but the name Maxwell was not on any of the records I examined. Since the land was purchased by public subscription, it is possible that the Maxwell family provided the money for the purchase."

The deed and the survey notes mention oak, hickory and chinquapin, one oak being mentioned as 24 inches in diameter. No mention is made that graves were already located there but there are eight marked that were there prior to the sale of this land to the County. They are the following:

These graves are located in the northeast corner of the cemetery. It is likely John Howerton is buried here but his grave is not marked. The Historical Society has been unable to find a marker for any member of his family.

On September 6, 1939, 50 years after the County Court deeded this tract of land to the city of Searcy, an additional 2.39 acres were added to the original plot when Thomas A. and Alta D. Watkins sold it to the city for \$1.00

Although the city of Searcy is responsible for the care of the Cemetery through the years various clubs and associations have been responsible for its maintenance and beautification.

The White County Historical Society first prepared a listing of this cemetery in the summer of 1968, when it was visited by long/time member Cloie Presley of Searcy. Thirty/one years later, her material was placed on the Internet at www.whitecounty.us by WCHS member Kara Spence, who also transcribed a partial update by WCHS member James McAllister in 2000. Leroy Blair of the Society walked the entire cemetery many times in June and July 2001, copying information from every stone he saw. He also befriended the 80/year/old caretaker, Thurlow Price, who told him there are many unmarked graves on the southeast side of the cemetery. This area was low, with a ditch running through it until culvert was installed in the summer of 2001, some of it coming just inches from graves on the eastern side. A chain link fence was also installed, separating the cemetery from a commercial establishment on the east side. Blair reported in 2002 that he found a 1938 newspaper article that stated there were "4,000 inhabitants" of Oak Grove Cemetery that at that time. If true, this means that there are thousands of unmarked pioneer graves here.

It should be noted that Oaklawn Memorial Gardens cemetery is located along the northern edge of Oak Grove Cemetery separated only by a fence and a row of trees, and at least one early Oak Grove listing inadvertently included a few names of graves that are in Oaklawn but was subsequently corrected.

Blair was unable to find 195 graves that appeared in the 1968 Oak Grove listing: Those names are as follows.

On Sunday evening, March 24, 2002, vandals hit the cemetery at night and pushed over numerous large tombstones, urns and decorative fixtures, causing an undetermined but significant amount of damage. In January 2003, an 18-year-old and two juveniles were arrested and charged with the vandalism.

Most of the cemetery information listed was collected by Leroy "Lee" Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office on the square in Searcy. WCHS P. O. Box 537 Searcy, Ark. 72145.

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
