This historic cemetery is located about two miles west of Beebe, off Highway 64. The following listing was prepared by Leroy Blair of the Wite County Historical Society after he visited Stoney Point in early 2001 and again the following year. He updated a list that had been prepared in March 1962 by Historical Society member Nell Henry.

Following are Blair's directions for reaching the cemetery: "From Beebe, take Highway 64 west about one mile from the intersection of Highway 64 and 67/167 to Stoney Point Road; turn right and go about one mile to the intersection of Stoney Point Road and Swinging Bridge Road; the cemetery is behind the church at this intersection." Blair found 730 rocks or small cement blocks that were painted silver and he thinks were marking graves. "It is possible that some may mark the foot of other graves; it is hard to tell for sure."

Blair reported, "The cemetery is well cared for. There is a road that goes through it. The new section is above the road toward the church and the older section is below the road."

Work is in progress to nominate the cemetery for the National Register of Historic Places. Donations to the Stoney Point Cemetery Fund may be made at First Security Bank in Beebe.

Most of the cemetery information listed was collected by Leroy “Lee” Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office on the square in Searcy. WCHS P. O. Box 537 Searcy, Ark. 72145.

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
