Cloie and Leister Presley of the White County Historical Society first listed this "well-kept" cemetery October 3, 1990 and published their information in the 1992 edition of *White County Heritage*. Velvet Ridge Cemetery is located seven miles north of

Bald Knob. To reach it, go north from Velvet Ridge on Highway 167 about one-quarter mile to Honey Holler Road and turn right. The cemetery is about 200 yards down this road on the right.

The cemetery was described as "very clean" when it was visited by Leroy and Ellen Blair of the White County Historical Society March 1, 2001. They found approximately 100 names that were not on the Presley list. They also found some 25 graves marked only with rocks and saw several depressions that appeared to be unmarked graves.

The Presleys numbered the burial sites, and their original report listed the sites in numerical order. First, they started east of the road and listed graves numerically from west to east. Then they worked west of the road, listing sites numerically from east to west. The final section lists graves numerically "below the road." The names are alphabetized here but the Presleys' original gravesite number is shown in parenthesis after each name.

Following is a list of known burials in this cemetery.

Most of the cemetery information listed was collected by Leroy "Lee" Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office on the square in Searcy. WCHS P. O. Box 537 Searcy, Ark. 72145.

If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at lblblair74@gmail.com or wchs1962@gmail.com

I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.

There are some graves listed as unmarked that may have had a tombstone set since the listing was made.

I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered

The following Abbreviations are used in the listings.

FM-Funeral home marker DS-Double tombstone TS-Triple tombstone

(Obit)-means that the Historical Society has, or has access to the Obituary for this person.
