**This cemetery is located about 10 miles south of Searcy on Highway 267, in Section 10, Township 6 North, Range 8 West. Comprehensive records on burials here were prepared October 13, 1976, by Linda Rowe and Cloie Presley of the White County Historical Society and published in the 1987 *White County Heritage*. The cemetery records were updated March 24, 2000, by Tommy H. Treadway of the Historical Society and alphabetized at that time for convenience. Rowe and Presley listed graves that Treadway could not find in his visit to the cemetery but they were added to his list. Similarly, when an earlier survey was made of the cemetery in 1963 by Historical Society volunteers Mrs. Lloyd Henry and her son Lloyd Jr., graves were listed which Rowe and Presley could not find. But these names remain in the list. What has happened to the markers that were in the earlier reports is unknown. As the 1976 report points out, "They may have been carved rocks, funeral home markers or even old tombstones now broken and gone. Many of the ones I listed are badly damaged." It is interesting to note that this cemetery is the final resting place of Delia (Richards) Price, who died July 6, 1840. This is believed to be the oldest marked grave that has been listed in White County. Her age was listed as "79 years" in an early survey, and repeated many times since. This would have made her 21 years older than her husband Frederick Price. At the request of the White County Historical Society, volunteer Leroy Blair inspected Delia Price's tombstone again on July 28, 2002. He found that it was broken into two pieces, and the fracture ran through the portion containing her age. After careful scrutiny, Blair reported that the stone listed her age as 39 years and 5 months. On that same day, in an old section of the cemetery, Blair made a startling discovery. Several gravesites had been cleaned by a Weedeater the previous day, uncovering an old native stone which had "Steve L." inscribed on it, with a birth date of April 22, 1775, and death date of October 31, 1795. Blair reported the name and dates were "very clear and easy to read." After investigating this puzzling find, historical society officials concluded it was a Halloween prank (note the day of death is Halloween).**

**Most of the cemetery information listed was collected by Leroy “Lee” Blair Former member of the White County Historical Society Board of Directors. Now working at the White County Historical Society office on the square in Searcy. WCHS P. O. Box 537 Searcy, Ark. 72145.**

**If you have any additions or corrections to the burial listing please contact the Historical Society. Phone 501-278-5010 or Email me at [lblblair74@gmail.com](mailto:lblblair74@gmail.com) or [wchs1962@gmail.com](mailto:wchs1962@gmail.com)**

**I will be posting more burials later. The Searcy Daily Citizen donated all their Micro Film and Ledgers dating back to 1953. After reviewing them, if I find a death of a person that we do not have I will to add to the cemetery listings.**

**There are some graves listed as unmarked that may have had a tombstone set since the listing was made.**

**I may have missed some graves when I prepared the listing. Some cemeteries are very hard to get an accurate listing due to how some graves are scattered**

**The following Abbreviations are used in the listings.**

**FM-Funeral home marker DS-Double tombstone TS-Triple tombstone**

**(Obit)-means that the Historical Society has, or has access to the Obituary for this person.**
